9:39 AM 04/15/2019

Click on “ADAMS Public Documents” on the right hand side of the screen.

Browser window showing the U.S. NRC website. The address bar displays <https://www.nrc.gov/reading-rm/adams.html>. The page title is "NRC: ADAMS Public Docu...".

The U.S. NRC logo is visible, along with the tagline "United States Nuclear Regulatory Commission" and "Protecting People and the Environment". A search bar is present in the top right corner.

The main navigation menu includes links to: HOME, FAQ, GLOSSARY, FACILITY LOCATOR, WHAT'S NEW, SITE HELP, INDEX A-Z, CONTACT US, EMAIL UPDATES, and LISTEN TO PAGE.

The secondary navigation menu includes links to: NUCLEAR REACTORS, NUCLEAR MATERIALS, RADIOACTIVE WASTE, NUCLEAR SECURITY, PUBLIC MEETINGS & INVOLVEMENT, NRC LIBRARY, and ABOUT NRC.

The NRC LIBRARY section is highlighted. The left sidebar lists various resources: Basic References, Document Collections, **ADAMS Public Documents**, Licensing Support Network (LSN) Library, Training Courses, Public Document Room, Get Copies of Documents, FOIA & Privacy Act, Photos & Video, Records Management, Withholding of Sensitive Information, and FAQ Index.

The main content area displays the "ADAMS Public Documents" page. It includes a breadcrumb trail: Home > NRC Library > ADAMS Public Documents.

The page title is "ADAMS Public Documents". The text describes the Agencywide Documents Access and Management System (ADAMS) as the official recordkeeping system, through which the U.S. Nuclear Regulatory Commission (NRC) provides access to the following "libraries" or collections of publicly available documents:

- The **Publicly Available Records System (PARS) Library** contains more than 730,000 full-text documents that the NRC has released since November 1, 1999, and several hundred new documents are added each day.
- The **Public Legacy Library** contains more than 2 million bibliographic citations (some with abstracts and full text) for earlier documents with the majority dating back to 1980, which are available in microfiche formats.

The "Web-based ADAMS" section is highlighted. The text describes the **Web-based ADAMS (WBA)** as the latest interface to ADAMS introduced in October 2010. This powerful, versatile, and easy-to-use search engine enables searching the ADAMS repository of official agency records (PARS and Public Legacy libraries) for publicly available regulatory guides, NUREG-series reports, inspection reports, Commission documents, correspondence, and other regulatory and technical documents written by NRC staff, contractors, and

On the right side of the page, there are three sections:

- SEARCH FOR NRC DOCUMENTS**: Includes links for "Begin WBA Search", "Begin LSN Library Search", and "Begin EHD Search".
- KEY TOPICS**: Includes links for "Licensing Support Network (LSN) Library" and "Electronic Hearing Docket (EHD)".
- NOTICE TO ADAMS USERS**: States "There are no ADAMS System Notices to report at this time."

The Windows taskbar at the bottom shows the Start button and several application icons, including Internet Explorer, Google Chrome, and Microsoft Word. The system clock in the bottom right corner displays 9:41 AM on 04/15/2019.

Click on "Begin WBA Search" on right hand side of the screen.

10:01 AM  
04/15/2019

Choose "is between" from the pulldown menu, and press the "Tab" key.

The screenshot shows the 'Web-based ADAMS' search interface. The browser address bar displays 'https://adams.nrc.gov/wba/'. The page has a header with the U.S. NRC logo and the tagline 'Protecting People and the Environment'. Below the header, there are tabs for 'Folder View', 'Content Search', and 'Advanced Search'. The 'Advanced Search' tab is active, showing a search query setup area. The query is set to 'New'. Under 'Libraries', 'Public Library' is selected. Under 'Options', 'added this month', 'added today', and 'within folder' are unchecked. A 'Browse' button is next to the 'within folder' dropdown. Under 'Document Properties', the criteria are 'Matching all criteria of group'. The criteria table is as follows:

Property	Operator	Value
Docket Number	starts with	07200022
Document Date	is between	from 01/01/1992 to 12/31/2006

Below the table, there is a link 'Click here to select' and a 'More options' link. The search results area on the right is empty, with columns for 'Document Title', 'Accession Number', 'Date Added', 'Document Date', and 'Size'. The Windows taskbar at the bottom shows the time as 10:07 AM on 04/15/2019.

In the box beside “from,” enter the date 01/01/1992. In the box beside “to,” enter the date 12/31/2006. Alternatively, you can click the icon next to the date shown in the figure above and a calendar will appear which allows you to choose any date of your choice. Click the “Search” button at the top of the screen.

Using the search parameters provided in the FOIA request on the NRC public website, ADAMS will provide you with the following information about documents associated with PFS. Hopefully, this will be of assistance in finding the information of interest. Specifying additional parameters will enable a more focused search either for the requestor or for NRC personnel.
